Carroll County Historical Society

Over the past years, several reprints of local histories were made so that all people could share in the knowledge of our local history. Historical tours were established; open houses and displays were made in the museum; and an annual dinner meeting has been held. These are just a few examples of our activities; we look ahead to greater things.

Interest has been shown by all age groups, and it is our hope that many people will participate in the activities of the Carroll County Historical Society.

May the hard work, the foresight, the determination, the inventiveness, and the ingenuity of our pioneer ancestors serve as an inspiration to us in preserving what we can of their rich heritage.
